How to log your hours

Five quick steps on your phone. The orange box shows where to tap.

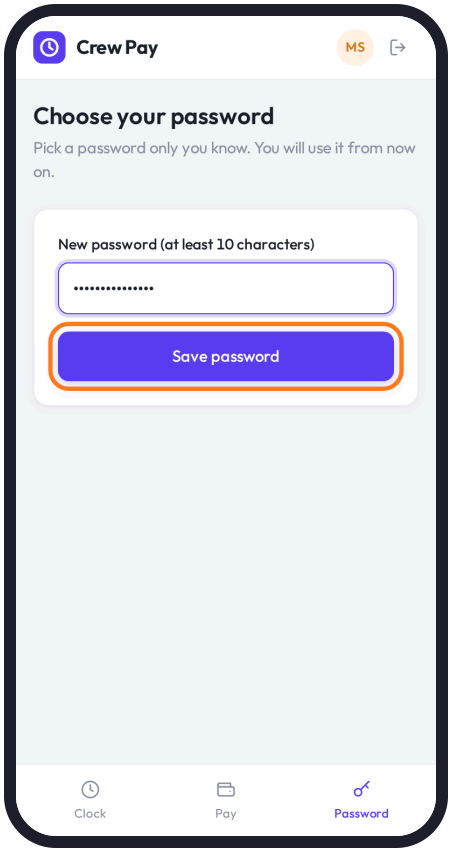

Crew Pay

1 Log in

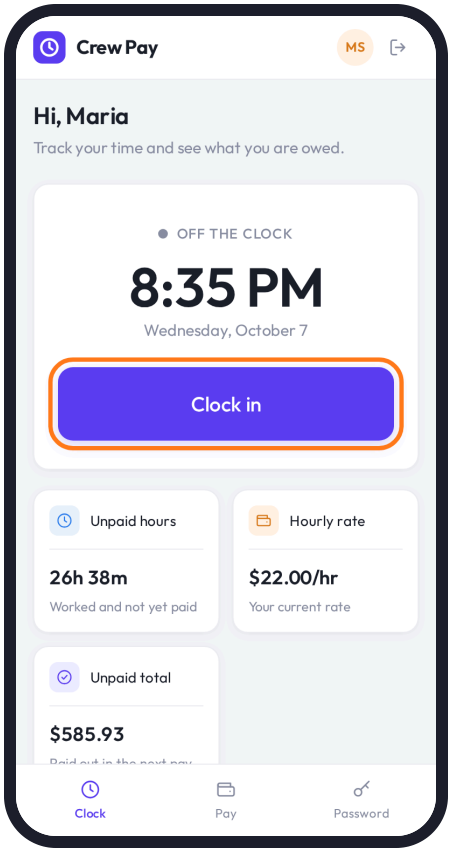

Open the link in your welcome email. Your **username** is your email address. Type the **temporary password** from the email and tap **Log in**.

2 Choose your own password

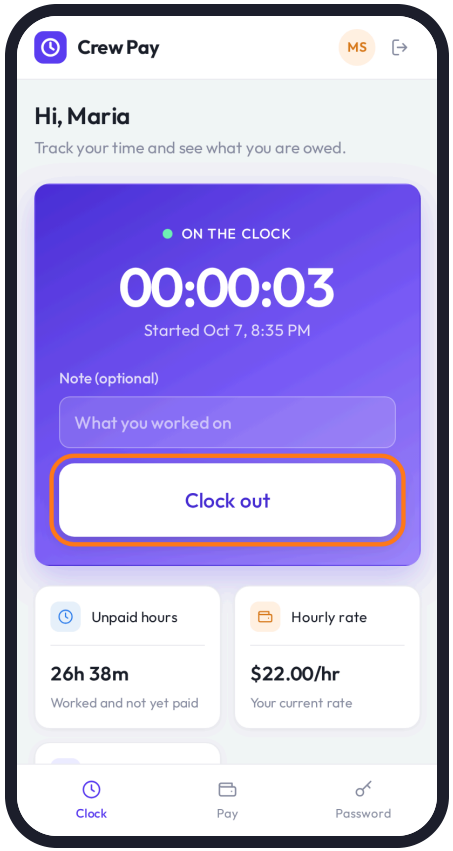

The first time you log in, you are asked to choose a password. Type your own (at least 10 characters) and tap **Save password**. Use it from now on.

3 Clock in when you start

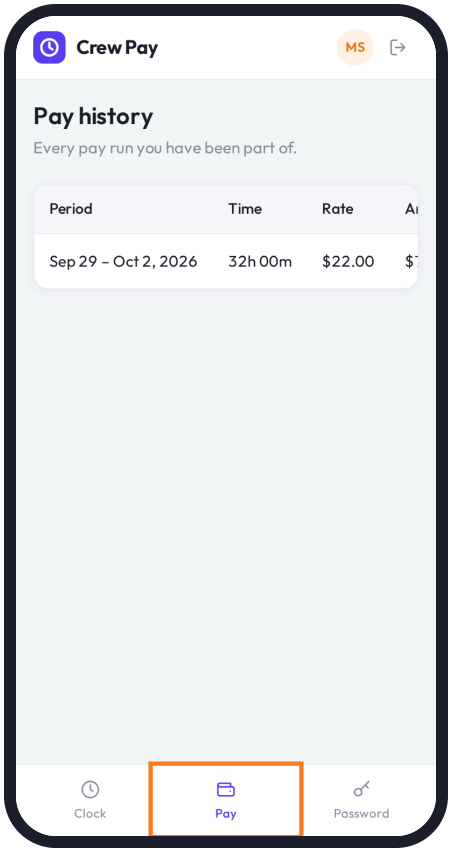

When you start work, tap **Clock in**. Do this at the start of every shift.

4 Clock out when you finish

The card turns purple and a timer runs while you are on the clock. You can add a short note, such as the job site. When you finish, tap **Clock out**.

5 Check your hours and pay

Tap **Pay** at the bottom to see each pay run you were part of: the hours, your rate and the amount.
